Principal's Message

Welcome back to Term 2 and Scottville is a buzz with excitement with all the events occurring already this term.

90th Fete

This Saturday is our 90th Anniversary Fete and BBQ. I am very proud to be part of the school for this event and have been in awe of our P&C members commitment in presenting this event. The stalls and activities are too many to list here, However I look forward to seeing you there on Saturday enjoying your day in our community and helping out our school. I am sure with your support, effort and time we can raise a smile a laugh and celebrate 90 great years at Scottville.

NAPLAN testing

Our Year 3,5 and 7 students will be participating in the NAPLAN testing in week 4 , the 12th to 16th of May. We are preparing our students to be ready and have the skills to engage in this national testing. It is an important part of our schooling assessment program and we are sure our students will do the best on the day.

To help our students be prepared for the NAPLAN week, we would hope every student has a good sleep each night and hearty breakfast each morning to be at their best to perform to their best.

ANZAC DAY PARADE

On Friday the 25th of April our school took part in the Collinsville ANZAC march and parade.

I was proud to be part of the March and parade where our students presented themselves proudly and solemnly at the commemoration. Our students involved national Anthem carried out a fine version of Advance Australia Fair, with little pre warning. Thanks to all the parents, caregivers staff and families that marched with us, it was a great community event to be part of.

Collinsville Cluster Cross Country Event

Congratulations to all those students for participating in our Collinsville Cross Country last week. An excellent effort by our Collinsville team at the Whitsunday trials and good luck to Cooper Begg for making the Whitsunday Region Team at the Whitsunday trials held at SSS on Wednesday. Cooper will now compete in Townsville.

A big thankyou to all the parents who gave a helping hand on the day.

If you had not noticed it is great to have our shade sails back after a time away being repaired. The students are now back out playing safely in the shade.

Anzac day was remembered by Scottville State School with a ceremony held at school on Thursday afternoon and by participating in the local march of remembrance up the main street to the monument on Anzac Day. Scottville SS selected students were also able to join in with CSS and SJB schools and sing the National Anthem.

THIS WEEK: Breakfast benefits!

Why bother with breakfast? Well, I’m sure you’ve heard it many times before, but, breakfast is and always will be, the most important meal of the day. The following are the benefits to eating breakfast and some helpful suggestions that you may want to try at home:

- Research shows that children who eat breakfast are healthier overall and are more likely to participate in physical activity

- Breakfast kick starts the body’s metabolism; fuels the brain and assists with irritability, tiredness and restlessness

- Children who eat breakfast are more likely to maintain a healthy weight and less likely to over-indulge in calories during the day

Helpful tips:

- stock your kitchen with HEALTHY breakfast options

- prepare as much as you can the night before

- get everyone up 10 minutes earlier if time is a concern

- have grab and go alternatives or, when time permits, cook up and freeze some healthy breakfast muffins/slices/smoothies to have on the run

It is important that parents promote and model eating breakfast. Try a breakfast challenge in your household and you may start to see some great results.

Do you have an old mobile phone ???
Would you like to donate it to a project that the Collinsville Connect Telecentre & Collinsville State School is working on with our Rwandan PenPals?

The hope is that our old phones might be useful to them when considering how to use Information Communication Technologies in their very challenging education sector.

If you can help please drop them into the Telecentre or the Collinsville State School (including power cords) so we can send them off as soon as possible...

Thanks for your help ;)
