Principal’s Message

**Reporting**

This Term we will be sending Semester One school reports home on the 25th of June.

The information contained in the report is a summary of your child’s achievement in learning areas studied over the reporting period. The ratings awarded are for that reporting period. Our school will also carry out reporting in Semester two.

The report is one of a number of strategies used by our school to communicate with you throughout the year about your child’s achievement, effort and behaviour. Parent teacher interviews are also offered to discuss your child’s progress.

**Parent Interviews**

These interviews will be occurring at the beginning of Term 3. The interview dates are Wednesday July 16th and Thursday July 17th. Interview slips will be sent home with school reports on the last week of Term 2.

These progress and improvement parent interviews are an important process allowing our teachers, students and parents to work, plan and celebrate together.

We look forward to seeing you on the interview dates. If you are unable to attend these interviews, please contact your teacher or the office to set up a telephone conference or an alternative date.

**Explicit Teaching**

One of the main teaching strategies used in our school is the ‘I do, We do, You do’ approach to explicit teaching. By using this strategy teachers are able to use learning behaviours to ensure learning and the learning outcomes are met through explicit instruction and modelling.

*Our Focus this week is:*  
Be Responsible

**CARS and STARS**

This Term the Teacher Aides have been working with the Collinsville State High School and Collinsville State School to engage with the Cars and Stars comprehension program. At Scottville we are using the program to support students across the school to improve their comprehension. The focus for the last 5 weeks is The big or main Idea

**Scottville State School Athletics day**

Our Athletics day will be on Wednesday the 18th of June.

This will be an all day event. We hope you can join us on the day.

All of Year 4,5,6,7. - ICT Technology

**Safety Awards:** Tynen Bromley, Cooper Groocock and Emily Dicker (Absent) For being safe at all times.

**WELL DONE EVERYONE!**
Scottville State School visited the Coalface Experience at the Collinsville Workers Club on Tues 3rd June. The children were given a wonderful tour by Mr Doug Batchelor and Mr Brett Patteson (ex Miners) about Collinsville’s rich mining history at the Coalface Experience museum. The students were able to ask lots of questions and were also given a complimentary miners morning tea which was supplied and donated to the children by the Collinsville Workers Club. The children then went to the Miners Statue to pay homage to the 27 miners who have lost their lives in mining in the district. We would like to thank the Collinsville Workers Club and their staff for making our excursion into such a wonderful experience.

Scottville state school students were fortunate to have a visit with Scott Stidston and his carer Monique from SEAT. (Spinal Education Awareness Team). Scott demonstrated spinal safety and answered questions from students about what it is like to live with a spinal injury. Scott fell from a motorbike while overtaking and when the vehicle suddenly turned off in front of him. Scott unfortunately fell from his bike and hit the gutter with his head and his helmet saved his live. Scott is now a quadriplegic with minimal use of his arms and he was able to show us some of the adjustments he has had to make to be able to eat and to write with a pen. Scott also incorporated a video presentation to illustrate situations of where and how a spinal injury can occur. The students were very receptive and engaged in talkback and scenarios with Scott. Scottville State School wish to thank Scott and his carer Monique for visiting our school.
REMINDER FOR SATURDAY SPORT - see you there!

"HPE classes have been travelling along at a rapid pace so far this term with the majority of athletics skills covered already and its only week 7! Students are now familiar with the basic principles of Long Jump, Discus, Shot Put and High Jump. This gives students the next 2-3 weeks to practice these skills further in preparation for the athletics carnival.

Health classes have also been moving at a steady pace with quite a lot of content being covered. In the Prep-Year 3 classes, students have been thoroughly considering the best ways to be safe on and near the road as well as while travelling in the car. The Year 4 – Year 7 classes have been comparing the different modes of public transport that are available both here in Regional Queensland and in the Metropolitan areas.

Our Inter-house Sports Carnival is approaching quickly on the 18th of June. I look forward to seeing participation from all students as the day helps to build character and camaraderie among our students, as well as the opportunity to demonstrate athletic abilities.

Remember to provide a packed lunch including a variety of foods like fruit and healthy sandwiches along with WATER.”

JUMP ROPE FOR HEART
Our Jump off day has been rescheduled for Term 3.

Adrian Kass
HPE Specialist – Scottville State School
Year 2/3

Strength Test

CHEMISTRY

In Chemistry we have been learning about properties of materials.
‘BEST DAYS OF MY LIFE’

The assembly hall,
The school books,
The lessons,
The experiments
The fun
The pranks and
The innocent friendships…
Those were the best days of my life.
