Principal's foreword

Introduction

This document is an annual report which reflects upon the school's processes, milestones, offerings and data for the 2013 school year.

Scottville State School is picturesque and friendly. It is located in the Whitsunday cluster of the North Queensland region. Scottville is a Band 5 school situated amongst a residential estate five kilometres from the larger community of Collinsville which primarily supports the coal mining industry in the surrounding areas.

The school's trend for growth in enrolments continued in 2013 which saw the school once again retain its third permanent teacher.

Scottville State School recognises the importance of family and community in the educational partnership and the school works collaboratively within these partnerships to ensure the best outcomes for all students.

School progress towards its goals in 2013

In 2013, there were distinct goals which were to be addressed. Progress was achieved in these goals during the academic year. The strategic planning centred around the areas of:

Learning & Attainment

- reading comprehension and testing
- planning for a whole-school Intense Spelling program;
- writing, particularly persuasive writing
- embedding e-learning through the use of Reading Eggs within school literacy program
- developing intervention programs based on NAPLAN results
- professional engagement in the implementation of the Australian Curriculum through C2C unit development and implementation.

Engagement

- improving performance for Indigenous students
- developing authentic learning experiences for students with disabilities.
- case management of students performing below NMS

Wellbeing

- Embedding the Responsible Behaviour Plan for all Students;
- focusing on four school rules based on School-Wide Positive Behaviour Support program: 'Be responsible, Be Respectful, Be Committed to learning and Be Safe'
- developing connections with the Kids Matter project for student wellbeing
- developing community links for sporting opportunities.

2012 School Annual Report

Sustainability

- continuing to embed sustainability values to minimise the school's carbon footprint and reduce energy usage
- exploiting curriculum opportunities to explore sustainability values

Emerging Priorities

- embedding the school pedagogical frame work based upon explicit instruction and Sharrat and Fullan's 14 Parameters as a focus for student improvement
- Prioritising literacy and numeracy demands of the Australian Curriculum for targeted pedagogical intervention
- Use of Data on One school and through standardised testing to target student improvement continuing to develop e-learning in classrooms, for example Mathletics, smart boards and iPads.

Other

- strengthening local school links and cluster partnerships
- Implementing links with local business and corporate business groups

Future outlook

The school Annual Implementation Plan for 2013 highlights those areas in continual development and other areas of new attention which need to be attended to throughout the year.

Our future outlook strives to accomplish the following ambitious goals in the domains of School Curriculum, Teaching Practice, Student improvement, Principal Leadership & School Capability and School & Community Partnerships in 2014:

- centralised data collection at the school which include individual data books, short-term data cycles, in response to an improvement and assessment schedule
- implementation of Quadrennial School plan
- embedding of Responsible Behaviour Plan, audit and consultation
- engaging in Embedding Aboriginal and Torres Strait Islander Perspectives (EATSIPS) framework to embed EATSIPS in C2C curriculum and school practices
- planning and developing a school-policy in Parents and Community Engagement Framework focussed on sustainable practices and long term planning with a focus upon improvement in engagement and infra-structure
- implementation and embedding of a Pedagogical Framework with a focus on explicit instruction
- school-wide planning for North Queensland Region focus areas of reading, writing, numeracy
- implementation of Signature Strategies for Scottville State School in reading comprehension
- Implementation of a school wide program for spelling
- implementation of whole-school reading program and spelling processes;
- professional development in literacy and numeracy
- professional development in planning for MSSDW students
- developing further e-learning for students through the purchase of further ICT assets
- tracking and promoting attendance data
- building capacity in staff and leadership
- continue to seek community sponsorship partnerships, maintain current partnerships and promote successes achieved through these partnerships
- Embed a Learning and Wellbeing Framework.

How Information and Communication Technologies are used to assist learning

At Scottville State School students have access to both 3P Learning programs Mathletics and Reading Eggs to support literacy and Numeracy learning. The school possesses a small computer lab of 20 laptops and has a set of iPads and iPods to allow group access during literacy and numeracy blocks. Each classroom has access to lap tops.

Classrooms are equipped with smart boards (interactive white boards) to ensure use of the digital curriculum through C2C.

ICTs are blended into classroom units of English, Mathematics and Science. LOTE is facilitated via the School of Distance Education.

Social climate

Scottville State School aims to achieve optimum learning outcomes for every student through a safe, tolerant and disciplined environment within which young people prepare to be active and reflective Australian citizens. Daily running of the school is immersed in the principles of School-Wide Positive Behaviour Support (SWBPS). The school endeavours to continually achieve the best academic outcomes for every student through consistently modelling high academic and social expectations. Scottville State School students learn in a supportive multi-aged environment which is underpinned by the Responsible Behaviour Plan. The four school rules encapsulate what it means to be a Scottville student: Be respectful, be responsible, be committed to learning and be safe. With a fluctuating enrolment of between fifty to seventy students, our school community has a respectful small school atmosphere in which all community members look out for one another and come together in unity to form the Scottville School that we all know and love. Our school opinion survey results reflect this.

Involving parents in their child's education

Parents are very involved in Scottville State School life. The whole school community is invited to weekly assemblies which are well-attended by students' parents and extended family. The P&C is very committed to supporting the school. P&C meetings are conveniently held straight after school to allow as many parents and staff to attend. The school community marches in the ANZAC Day march and attend the ANZAC Day ceremony at the Collinsville War Memorial. Parents and the school community are invited to, run or participate in many extra-curricular activities and events such as the Scottville cricket day competition. Parents also volunteer for classroom support. They run the school tuckshop on particular days and also provide a tuckshop for interschool events such as sport carnival days. The P&C also organise and run Mother's Day and Father's Day stalls. The support is extensive and there are many other examples which are not listed here.

Reducing the school's environmental footprint

The school attempts to lower its power bills through its roof-mounted solar power cells. The school also had a focus on sustainable use of power, a focus on sustainability through Science units. Power switches for heavy-power-use items are turned off when not in use.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	0	0
2011-2012	18,985	1,974
2012-2013	14,789	0

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

Performance of our students

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DETE policies, Managing Student Absences and Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Rolls are marked twice a day for accurate reporting on full and part-day absences. Office staff will call the parents of missing students if the school has not been advised of absences of longer than up to three days. The school sign is used to promote key messages, such as 'Every Day Counts' for attendance. In the case of students who do not return to school after holidays and all school-based attempts at contact are unsuccessful, Regional Office staff are used to conduct wider searches unavailable to school staff. Regular awards at school promote student success based on regular attendance
